Department for the Protection of Children's Rights and Ensuring Standards equality of the National Social Service of Ukraine after considering the letter public organization "House of Stuart ODV" regarding the needs of Ukrainian children during the war reports. In connection with the introduction of the legal regime of martial law in Ukraine most of the children study by distance education. Forced distance learning is provided through the transmission of video, audio, graphic and text information.

One of the main needs of Ukrainian children, and this is especially true orphans, children deprived of parental care and children who are in difficult life circumstances, there is a need for computer equipment and tablets.
